

HD3, HD4, HDPR Housing Mounts

INDOOR/OUTDOOR FIXED MINIDOME MOUNTS

The HD3, HD4, and HDPR housing mounts can be used to install Honeywell's 3 and 4-Series fixed minidome cameras to a variety of surfaces. They provide a wide range of mounting options – to walls, ceilings, and a variety of indoor and outdoor surfaces.

The simple, solid design of these mounts is an installer's first choice for ease of installation. All wall and pendant mounts provide easy cable routing and the camera and lens can be installed, adjusted, and tested without repositioning the housing.

The HD4 and HDPR Series mounts feature die cast aluminum construction, except for the HDPR-WK2 which is steel. These mounts have a cool gray powder coating except for the HDPR-WK1 and HDPR-WK2 which have a charcoal gray powder coating. The HD3 Indoor Series mounts have polycarbonate construction with off white powder coating. Depending on the camera model, these mounts are designed for either outdoor or indoor applications. All are designed to perfectly complement the low profile, fixed minidome cameras, making them the obvious choice for architecturally sensitive installations.

Market Opportunities

The Honeywell HD3, HD4, and HDPR Series mounts provide performance and strength you can depend on. The attractive design, impact-resistant construction, and range of mounting options make these mounts the best solution for all your indoor and outdoor applications.

Features

Description	Camera Series		
	HD4	HDPR	HD3
• Low profile, contemporary design	X	X	X
• Economically priced	X	X	X
• Cable feed through for ease of installation and camera setup	X	X	X
• Concealed wiring	X	X*	
• Die cast aluminum construction	X	X**	
• Polycarbonate construction			X
• Cool gray powder finish	X	X**	
• Off white powder finish			X
• Indoor			X
• Indoor/outdoor	X	X	

*HDPR-WK2 will not conceal wiring.

**HDPR-WK1 is die cast aluminum, the HDPR-WK2 is steel; both with a charcoal gray powder coating.
