OMNIKEY® 5321CLi USB Reader

Contactless USB Smart Card Reader

◗ **Versatile Applications** – Ideal for end-user environments using contactless HID iCLASS® technology

◗ **Fast Contactless Transmission** – Supports fastest ISO standard transmission modes

◗ **Designed for User Convenience** – Housing design is optimized for advanced contactless applications

◗ **Readily compliant** – Seamless integration with iCLASS on the Desktop™ and other applications

HID

ACCESS quality.

The OMNIKEY® 5321 CLi USB smart card reader represents the ideal contactless HID iCLASS® reader in a convenient desktop device. Reading and writing to any contactless HID iCLASS card, the device economically supports desktop clients where contactless iCLASS technology is used.

Utilizing contactless smart card technology for PC-linked applications, the OMNIKEY 5321 CLi allows users to experience the convenience, speed and security of HID iCLASS contactless technology for applications such as iCLASS on the Desktop™.

The OMNIKEY 5321 series readers work seamlessly with iCLASS-enabled logical access applications in combination with naviGO™, a cost-effective solution that simplifies deployment of strong authentication, managing and automating the lifecycle of strong authentication user credentials on iCLASS smart cards. Designed to enable iCLASS on the Desktop™, naviGO allows card holders to manage their own enrollment, PIN management and knowledge-based authentication through a self-service browser based application.

◗ Features host interface USB 2.0 and is compliant with USB 1.1
◗ Compliant with all relevant safety and environmental standards, including CE, FCC, UL, RoHS and WEEE

ASSA ABLOY

Base Model Number	OMNIKEY® 5321 CLi
Dimensions	3.78" x 3.07" x 0.31" (115 x 96.5 x 25.5 mm)
Weight	Approx. 5.64 oz. (160 g.)
Power supply	Bus powered
Operating temperature	32°-131° F (0° - 55° C)
Operating humidity	10 - 90% rH
	HOST INTERFACE
Host Interface	USB 2.0 (also compliant with USB 1.1)
Transmission speed	12 Mbps (USB 2.0 full speed)
	CONTACTLESS SMART CARD INTERFACE
Protocols	HID iCLASS®
Driver Support	Windows® 98 / ME, 2000 / XP (32bit), 2003 Server, Windows® CE 5.0 / 6.0 / CE.NET (depending on hardware), Windows® XP 64bit (AMD64, EM64T, IA64), Windows® Vista (32bit / 64bit), Linux®
Status indicator	Blue color LED (blue=ready, blinking=busy)
Color	Grey
Options	**Customer Specific Logo and Colors: Available upon request**
Composition	ABS
Meantime between failure (MTBF)	500,000 hours
Compliance / Certification	Microsoft® WHQL[1], USB 2.0 (USB 1.1 compatible)
Safety / Environmental	CE, FCC, UL, RoHS, WEEE
Warranty	Two (2) year manufacturer's warranty. (For drivers, see complete lifetime support policy.)
