SMARTair™ goes mobile!

## Manage your SMARTair™ system anytime, anywhere!

The SMARTair™ management software TS1000 6.0 now includes new features:
- SMARTair™ locking devices can be managed and configured from the web without any software installation

- Information from the facility manager can be received anywhere, through the web or by automatic email alerts
- Mobile phones can remotely open doors using the secure SMARTair™ app (downloadable from mobile markets: app store, google play, etc.)

ℑ SMARTair™
Your Access. Your Control.

MUL-T-LOCK®

SMARTair™ keeps you mobile and makes your administration more flexible than ever!
