# CAPTURE

## Outstanding catch performance

Texecom's design team started with the perfect optical geometry for motion sensing, and developed a beautiful minimalist low-profile design that celebrates, rather than hides, it's optical prowess.

Outstanding catch performance

Superior microwave detection

Grade 2 and wireless options

Improved creep zone performance

## Install in seconds

Speed up your installations and spend less time installing devices. Capture has been designed with the installer in mind and includes a host of installer friendly features, making installation and commissioning a doddle.

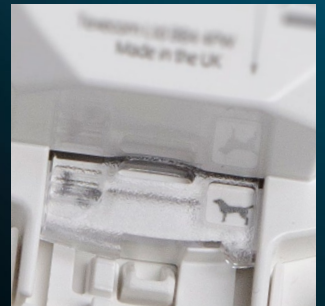

Front-loaded fully sealed electronics

Flexible mounting points

Adjustable terminal block

EN certified selectable pet immunity option

## Customise your Capture

See your brand elevated as never before.

Wall mount Capture models features a new innovative graphic insert for the ultimate installer branding.

Available directly from your distributor, these photo-quality custom designed graphic inserts replace screen or pad printing, enhancing quality and removing the need for installers and distributors alike to stock expensive printed covers.
